assist Kudjip Hospital*

Nothing but God!

By Dr. Susan Meyers

There are times when the evidence of God's hand at work is especially obvious so that even the most cynical and doubting can't miss it! A recent case on the pediatric ward is an example of God's hand! She was a sweet little 3 year old girl, a Pastor's Kid (PK), who had been hit by a car. She was in bad shape upon her arrival at the hospital and many of us thought she would surely not survive. She had numerous bumps and bruises but most importantly a large, through and through skull fracture. She was unconscious upon arrival and remained so for several days. Her sweet little face became more and more swollen each of the first few days in the hospital. As we watched, supporting her in the ways we could, her papa kept praying. He had truly given the outcome over to God and then waited with us. She slowly began to stir a bit more. We were encouraged that she could move all 4 extremities. Her eyes began to open a little. She cried and moaned when she moved in her bed, likely due to pain. And then the swelling started to go down. She began to move with intention! She asked for her papa and mama! She began letting us know she was hungry! Eventually, she was able to sit, then stand, and then walk! **She went home whole!** Praise God for his goodness and mercy and love for this little one and her family! May she never forget God's work in her life and the miracle He performed on her behalf.

Dr Susan Meyers and the thankful Dad and Daughter!

Mural designed, created and donated by Nate Baranowski. “ Esther recently told me she was helping a lady out the gate of the hospital after she had miscarried her baby. Esther said the lady stopped at the mural, looked up, and began crying. She said the mural touched her heart, and that it was a wonderful reminder that in this life we have struggles, trials, and pain but Jesus is over all that with his arms outstretched ready to love and hold his children. YOU CAN MAKE A DIFFERENCE!

What if your \$10 donation to NHF could purchase \$1500 in medicines?

The numbers are in and it is true that your \$10 donation can purchase approximately \$1500 in critically needed medicines. Send your donations to NHF c/o Dr Todd Winter. Partnering with Heart to Heart allows NHF to purchase deeply discounted medicines.

Why not get your Missionary Group together to assemble First Aid Kits for Kudip Hospital?

Simply fill a gallon ziplock bag with a Tylenol 500 mg bottle, 4x4 gauze, bacitracin (or Neosporin) and a digital thermometer.

Together we can make a huge difference for Kudjip Nazarene Hospital

NHF exists to support the ongoing work of Kudjip Nazarene Hospital in Papua New Guinea through the collections of medicine, medical supplies, equipment, and cash donations. **100% of the supplies and cash collected are used for this purpose. Donations can be conveniently made on line at:**
